

Special Pass Migrant Workers at Little India

SSVP helps to pay for the accommodation of homeless and injured Special Pass (SP) Workers (These SP holders are jobless foreign workers whose claims for workplace injuries, non-payment or exploitation by agents are under investigation by the authorities). The majority of these SP holders have injuries requiring medical treatment at hospitals while they wait anxiously for their legal issues to be resolved. Many worry about their uncertain future, more so if they have incurred huge debts to come here to work.

On the last Friday of each month, SSVP members distribute fresh fruits, toiletries, snacks & clothes.

“Do not neglect to show hospitality to foreigners, for thereby some have entertained angels unawares.” (Heb 13:2)
